### Course Summary:

Over a 6 week period learners will get to know their digital device, learn how to take great photos and capture those magic moments before they are gone. Learning how to look after their camera, shutter speeds, transferring pictures on to the computer and reviewing options for storing, sharing and editing photos

### Eligibility:

Learners must be over 19 on the 1st August of the academic year they start their learning. Note: if not ordinarily resident in UK for 3 years (Please speak to a member of staff to confirm eligibility for funding).

### How will the course be taught?

Learning will take place in small friendly classes using, individual and group work, demonstration, discussion and using a variety of practical activities

### How will I know how well I am doing?

You will follow your own individual learning plan with progress recorded by tutors and yourself.

### Prior Knowledge:

No prior knowledge required.

### What do I need to bring?

All materials needed will be provided by the tutor.

### How do I join the course, or find out more?

If you are interested please speak with your home manager/activities coordinator

### Cost:

Free to eligible learners

### What course can I do next?

We can help you decide the best way forward for you. You could progress onto further courses and vocational qualifications.

### Information and Advice for Progression:

Advice will be given on an individual basis throughout the course. Please contact your tutor for information about suitable progression routes

### Health and safety:

All of our venues undergo a health and safety audit on a regular basis. The tutor will advise on health and safety guidelines at the beginning of the course, these guidelines will be followed throughout the course.
